Outing to EdUHK Eco-Garden

Dear Parents,

To align with the development of the Science curriculum and deepen Primary 2 students' inquiry skills regarding plant structures and ecological characteristics through field observation, our school has specially arranged for your child to participate in the "EdUHK Eco-Garden Inquiry Learning" activity. Students will visit the Eco-Garden at The Education University of Hong Kong (EdUHK) to study the structural features and functions of various plants on-site, fostering a spirit of scientific inquiry and observation skills. Details are as follows:

- Venue: The Education University of Hong Kong (EdUHK)
- Date: 14 December 2026 (Monday)
- Teachers-in-Charge: Primary 2 Science Subject Teachers
- Dress Code: PE Uniform (long sports trousers may be worn if needed)
- Assemble at school before 8:00 a.m. (to take the 08:40 ferry)

Time	Schedule
09:45 – 10:15	Travel by coach to The Education University of Hong Kong
10:15 – 12:15	Conduct inquiry activities and visit the EdUHK Eco-Garden
12:15 – 13:00	Travel by coach to Central Pier No. 5
13:15 – 14:15	Take the 13:15 ferry and **have lunch on the ferry**
14:25 – 15:00	Resume normal lessons for the 8th period

Important Notes:

- Lesson for the 8th period will proceed as usual; students must bring the required textbooks.
- Remedial classes on that day are cancelled, while after-school homework classes and other after-school activities will proceed as usual. Homework must still be submitted on that day.
- **Lunch Arrangement:** If you have already ordered lunch, please contact the lunch supplier directly.
- Parents are requested to prepare a light packed lunch for their child.
- Students should bring a small backpack for the visit containing stationery, their student handbook, a water bottle, sun protection items, mosquito repellent, and rain gear.
- Whether the actual ferry service is a fast ferry or an ordinary ferry is subject to the arrangements of the ferry company.

Due to the outdoor environment and the wide variety of plants in the Eco-Garden, if your child has **Glucose-6-Phosphate Dehydrogenase deficiency (G6PD deficiency / commonly known as favism)**, please be sure to notify the school in advance so that the school and accompanying teachers can make corresponding arrangements and provide appropriate care.

Parents are kindly requested to encourage your child to actively participate in this activity and return the completed reply slip by 2nd December. For any inquiries, please contact Ms. Chan Yin Sin.
