

### A super kid

Amy was five years old. One day, Amy and her mother went shopping. The center is big, it looks like a castle. There were many interesting places in the center. Amy and her Mum went to different places. Amy went to all the stores to have a look. After a while, she was lost. But she did not cry. She took the MTR and the ferry to Cheung Chau alone. Her Mum was at home, too. When Amy's Mum saw Amy, she was very happy and said "you are a super kid."
