

A visit to the old people's home

I am a student of Kwok Man School (KMS). I always visit old people's home with my classmates.

Last Sunday, I visited Super Old People's Home in Kowloon Tong with a group of my classmates. There were four of us. We went there by MTR. We arrived the old people's home at around twelve o'clock. We played ball games with the old people. Then, the old people showed some photos to us. These photos were very interesting. After that, we helped the staff prepare dinner. While I was eating the dinner, my classmates were singing same songs and playing the piano. After dinner, I danced with the old people. Finally, we took same photos and exchanged phone numbers with the old people.

I think this visit is very meaningful and fruitful.
