Parental Consent for Student Participation in Physical Education Lessons and Activities

Dear Parents :

The school emphasises a well-balanced development in the five aspects of education: moral, intellectual, physical, social and aesthetical. Physical Education (PE) has been considered one of the compulsory courses. Participating in a moderate amount of PE activities is valuable for students' mental and physical health.

If you initially agree to your child's participation in PE activities, but subsequently if find that your child is unwell and needs to stop PE activities temporarily or for a long period of time, please notify the school immediately. If in doubt, please consult a doctor immediately. To allow your child to participate in PE lessons, you are kindly requested to fill in the following reply slip as soon as possible.

Mr. Yung Chi Ming (Supervisor)

Ms. Kwok Yuen Ki (Principal)
