Continuation of Online (Zoom) Classes

Dear Parents,

The Education Bureau has decided to allow schools to arrange a small number of students to return to campuses to attend half-day face-to-face classes in accordance with school based arrangements. The upper population limit of students to return to a school each day should be capped at one sixth of the school's maximum permitted capacity. In spite of this, after full consideration, including the pandemic, social distancing measures and Internal Assessments for secondary school places, we have decided to arrange P6 students to come back to school for face-to-face classes. **P1 to P5 students will continue to have online (Zoom) lessons. Further notice will be issued if there is an update.**
